Posidonia 2022

Ian Clarke
CEO (Hellas)

West's Posidonia 2022 reception was a great celebration of being together again and the West team enjoyed welcoming all of our guests from around the world. The smiles were evident and photos from the event are here for you to enjoy.

Posidonia 2022, after the cancellation in 2020, was bigger than ever as Athens and the exhibition filled with participants eager to catch-up in-person.

The West's cocktail reception was no exception and we were delighted to welcome over 850 guests to our event at the Yacht Club of Greece on the afternoon of Tuesday 14 June.

The event was hosted by Francis Sarre, Chairman of the Association, and other Board members, along with Tom Bowsher (CEO), the Club's Piraeus office team and underwriters from London.

Thank you to all that attended, we have lots of photos for you to enjoy!
