WestNet: Your new and improved service tool

Nicola Doyle
Senior IT Manager

West have updated their WestNet platform with new branding and enhanced features.

Members now have access to the new and improved WestNet portal.

The WestNet portal has been remodelled to reflect the updated West brand and to incorporate a user experience around a clean and fresh service tool aimed at delivering improved ease of use.

WestNet now has a document repository where you will find Certificates of Entry and any Trading Certificates that have been issued, all of which can be easily downloaded at your convenience.

All Members and Brokers that have used this system recently have been automatically set up on the new portal and you will receive an email in due course.

WESTNET.
