

Notices to Members

No. 5 - West of England Web Site

June 2001

Dear Sirs

West of England Web site

We would like to advise Members and Correspondents that the West of England's redesigned Web site can now be visited at www.westpandi.com.

The site provides both improved navigation and enhanced search facilities that give better access to general information about the West of England including contact details for the Managers and Correspondents.

For the convenience of both Members and Correspondents, after hours contact numbers for both staff and Correspondents can be accessed by using the Member log-in on the home page. The password for this remains unchanged and is available in the paper version of this Notice.

The Managers would welcome any comments on the site. Please direct these to webmaster@westpandi.com.

Yours faithfully

The West of England Ship Owners Insurance Services (As Managers) RJB Searle Director
