COMMENTARY

1. Rule 2 Section 11 – Pollution

The proposed Rule change permits the Association to give effect to the Tanker Oil Pollution Indemnification Agreement (TOPIA) if, as anticipated, it comes into effect from 20 February 2006 and to provide cover for shipowners party to that agreement.

The proposed change also reflects the fact that STOPIA arrangements have been updated by means of a new agreement called STOPIA 2006.

2. Rules 3 and 3A – Special Cover and Special Cover for Charterers and Related Parties .

The proposed change consolidates the two Rules and is aimed primarily at clarifying the terms of the Special Cover for Charterers and related parties, particularly the provision of cover for loss of use of the insured vessel as a result of damage to it for which the charterer is responsible.

This part of the proposed change reflects the fact that cover includes loss of use resulting from damage to the vessel for which the charterer is responsible and that such loss of use includes not only freight, damages or demurrage, but also any hire which the charterer is obliged to pay while the vessel is out of service.

In other respects the scope of special cover provided to charterers remains substantially unchanged

3. Rule 13A – Premium Tax and Other Excise Taxes

The proposed change allows the Association to collect from a Member insurance premium tax for which the Association may at some future time be liable to the relevant tax authority in default of payment by the Member. The existing Rule merely contains an indemnity from the Member to the Association once the Association has had to pay such tax authority.
