

Loss Prevention 09 Dec, 2021

New Loss Prevention Page

Dean Crossley
Loss Prevention Manager

The Loss Prevention webpage has been refreshed to enhance the user experience and provide more accessible and easier page navigation to the Department's available information and resource within the public domain.

The new-look streamlined page utilises dropdown windows to access tabs to view details about the variety of services the department offers, along with visual windows to direct the user to featured items, news, and informational resources provided by the Loss Prevention Department.

Complimentary hard copies of the poster sets, bulletins and digital copies of the videos may be obtained by contacting the Loss Prevention Department.

Updated Loss Prevention Page
