## Ukraine Conflict - EU 6th sanctions package - amended Notice to Members

**Tony Paulson**  
Corporate Director

**Notice to Members No.6 2022/2023 was issued on 1 July 2022 advising Members of the EU's sixth package of sanctions against Russia. A copy can be found [here](#).**

On 21 July 2022 the European Union published a Maintenance and Alignment Package. The package included amendments to Regulation (EU) No. 833/2014 which amongst other things clarified the circumstances in which the exceptions contained in Article 5 (aa) (3) may apply, which concern the ability to undertake transactions with certain state-owned enterprises listed in an annex to the Regulation. These are particularly relevant with regard to the carriage of Russian oil.

The wording of Notice to Members No.6 2022/2023 has been amended to reflect these changes and a copy of the revised Notice can be found [here](#).

A copy of the Official Journal of the EU 21 July 2022 publishing the changes (see page 15 in particular) can be found [here](#).

Members with any questions on this or any other sanctions matters are encouraged to contact the Managers.
