West visit Anglo-Eastern Ship Management

The Club was delighted to support our Member Anglo-Eastern Ship Management recently with the provision of training on P&I Clubs at their dedicated Maritime Training Centre in Mumbai.

Our Head of Claims (European Team) Paul Kaye and Deputy Head of Defence Claims and Claims Manager Gary Beale were given a tour of the facility before addressing aspiring cadets on the history and structure of P&I as well as the primary risks insured by Clubs to help inform the cadets' life at sea.

There was also the opportunity to plant a tree in recognition of the occasion!
